

**Sustainable Water
Integrated Management (SWIM) -
Support Mechanism**

Project funded by
the European Union

Water is too precious to waste

The EU funded SWIM-SM: 2015 plans

SWIM-SM 4th Steering Committee Meeting & 4th SWIM-Demos Coordination Meeting
15-16 December 2014, Barcelona, Spain

Presented by: Charbel Rizk Environment Expert SWIM-SM

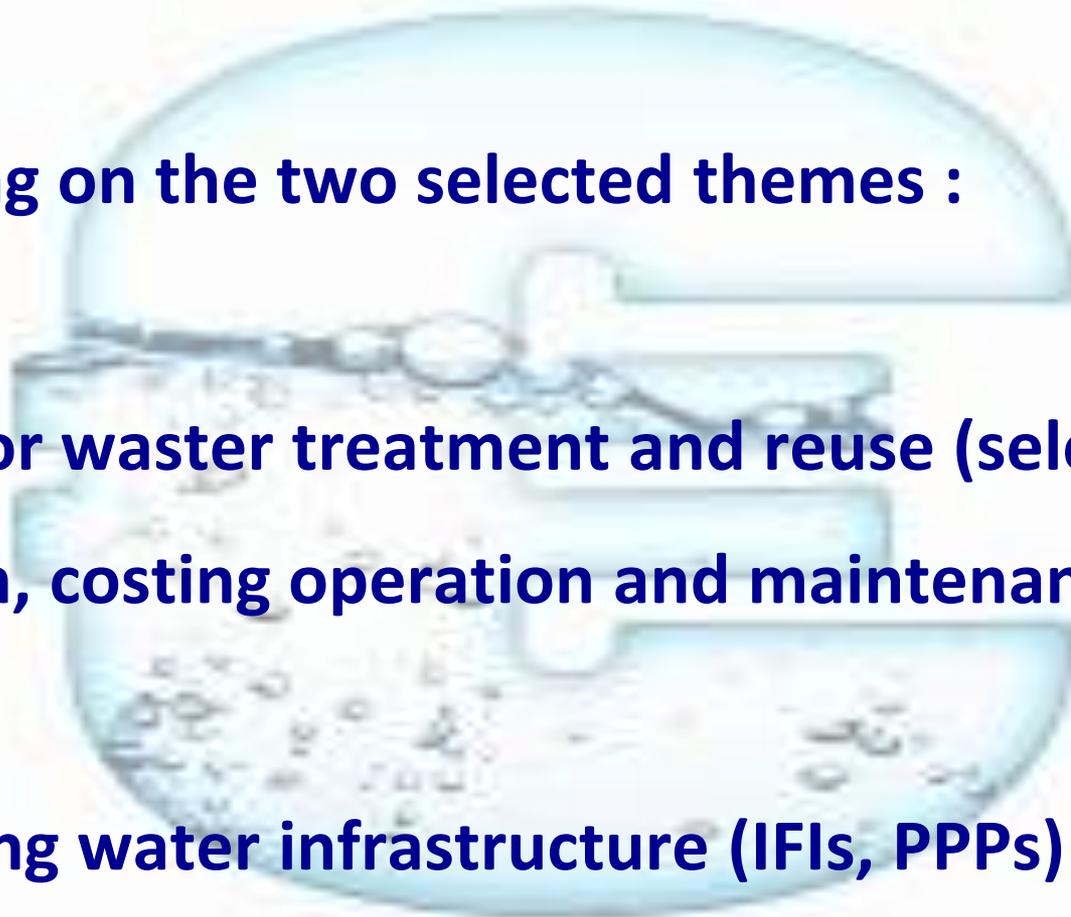

Topics

- 1. Non-conventional water (wastewater treatment and reuse)**
 - 2. Solutions (success stories)**
- 
- The background of the slide features a light blue, textured surface covered with numerous water droplets of varying sizes. A large, faint recycling symbol is visible in the center, partially obscured by the droplets. The overall aesthetic is clean and water-related.

Wastewater treatment and reuse (emphasis on rural areas)

Following on the two selected themes :

- 1. BAT for waster treatment and reuse (selection, design, costing operation and maintenance)**
- 2. Funding water infrastructure (IFIs, PPPs)**

BAT wastewater treatment and reuse

1. Online course on natural treatment systems

**2. Study tours on natural treatment systems in
European Companies (English and French
version**

Funding of water infrastructure

The role of Central Banks on incentivizing investment in water services and infrastructure in partnership with commercial banks and IFIs with a request by the Central Bank of Lebanon

Funding of water infrastructure

The role of central banks

1. Background paper
2. Guidelines Workshop on the role Central
3. Sub-regional workshop
4. Study on the impact of financing facilities

Solutions

Completion of
solutions from
the two
remaining
countries

Event for
presenting and
selecting
solutions
